

YOUSSEF EMAD ELDIN MOSTAFA

Junior Front-End Developer | MERN & Angular Stack

youssefemadeldin22@gmail.com | (+20) 1123399228 | Cairo, Egypt | <https://github.com/youssefemadsalem> | <https://www.linkedin.com/in/youssef-emad-aldeen/>

PROFESSIONAL SUMMARY

Front-End Developer experienced in building scalable, accessible web applications using **Angular, React, and the MERN stack**. Skilled in TypeScript, Tailwind CSS 4, and integrating AI/ML features. Currently advancing full-stack expertise through ITI's competitive 9-month Web & UI Development Scholarship.

EDUCATION

Web & UI Track Scholarship Diploma — *Information Technology Institute (ITI)* 10/2025 – In Progress | Ismailia, EG

Key Projects:

- As2alny** (Angular 21, Node.js, MongoDB, Express, AI integration)
<https://as2alny-askme.vercel.app/home>
- Invento** (Angular 21, AI integration)

Front-End Development Diploma — *Route Academy* 09/2024 – 02/2025 | Cairo, EG

Key Projects:

- FreshCart E-Commerce Platform** (Angular 19, Tailwind CSS)
<https://fresh-cart-p9pl.vercel.app/#/login>
- Gerold Portfolio** (Vanilla HTML, CSS, JavaScript)
<https://youssefemadsalem.github.io/gerold/>

B.Sc. Computer Science — *Modern Academy* | GPA 3.36 – Very Good (B+) with Honors 09/2020 – 06/2024 | Cairo, EG

Key Projects:

- Breast Cancer Detection Mobile App** (Flutter, TensorFlow Lite, AI)
<https://drive.google.com/file/d/1Lsr1UhV7LTrvUyUccvhfGXywE-tZQjcP/view>
- Smart Diet & Calorie Tracker App** (Flutter, Firebase, AI)

INTERNSHIP EXPERIENCE

Front-End Developer Intern, *CIB Bank* 05/2023 – 08/2023 | Cairo, EG

- Built responsive web interfaces using HTML5, CSS3, and JavaScript integrated into enterprise banking workflows.
- Developed and maintained reusable React components, improving UI consistency across the banking platform.
- Applied Bootstrap 5 to deliver mobile-first, cross-browser compatible layouts.

AI / ML Intern, *Initiative of 10K AI Developers* 08/2023 – 09/2023 | Cairo, EG

- Built and trained supervised ML classification models using Python and scikit-learn.
- Applied NLP techniques: text classification, sentiment analysis, and named-entity recognition.
- Developed computer vision pipelines with OpenCV and TensorFlow/Keras; visualised results in Jupyter Notebook.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, Angular(16-21), React.js, Tailwind CSS, Bootstrap, Material UI, jQuery, tailwindcss,

Databases: SQL Server, MongoDB

Soft Skills: Problem Solving, Communication, Teamwork, Public Speaking, Presentation Skills

Backend: Node.js, Express.js, RESTful APIs

DevOps & Tools: Git, GitHub, Figma, Jest, Unit Testing, Postman, Agile

COURSES & CERTIFICATIONS

- Tailwind CSS From Scratch** (Udemy – Brad Traversy)
- Complete JavaScript Course** (Udemy – Jonas Schmedtmann)
- MERN Stack Course** (Udemy – Yahya El Araby)
- Cloud Native Bootcamp – Algorithms & Data Structures** (CloudNative, 05/2024 – 06/2024)

LANGUAGES

- Arabic:** Native
- English:** Upper-Intermediate (B2)

ADDITIONAL INFORMATION

- Year of Birth:** 2002
- Nationality:** Egyptian
- Military Status:** Exempt
